

Brooklyn's Holiday Lights

Junior's Restaurant
Brooklyn Tours
December, 2020

Join us for an exciting Holiday tour to experience the bright lights and colors of the season's festivities. We'll celebrate with an early **dinner** at the well-loved Brooklyn classic, **Junior's Restaurant** which has consistently been awarded the prize for best cheesecake in New York City. Entrée choice of: Fresh Brisket of Beef, **or** Roast Half Spring Chicken, **or** Fried Seafood Combination, **or** Broiled Seafood Combination. All entrees will be served with fruit salad and tossed salad, potatoes (mashed and French fries), and vegetable. For dessert, you get to choose from (upon arrival to the restaurant): Fruit Pie, **or** Ice Cream, **or** Plain Cheesecake, **or** Cake.

After dinner, we'll meet our tour guide to discover the area and to catch the holiday spirit Brooklyn style! The decorations on these HUGE homes will astound you! The residents' enthusiasm is matched by their electric bills, as one family after another turns up the wattage on towering statues, animated displays, and colorful lights.

We'll see spectacular Bay Ridge homes, and view Manhattan's incandescent skyline. Our guide will tell stories and will explain origins of American winter holiday celebrations.

Imagine thousands of dazzling lights, 12-foot snowmen, reindeer, gigantic nutcrackers, Holiday carols, and much, much more. Join us for a taste of this genuine, homegrown, over-the-top Brooklyn celebration. What a way to celebrate the Holiday season!

*The tour will include strolls through neighborhoods, as well as a few Christmas Carols... Please know that due to regulations set forth by Brooklyn's police, this trip may require walking several blocks (with some incline) and thus leaving the bus for at least 30 minutes.

Cost **\$87**
